

Christmas Poinsettia Tag

Diane Long

Supplies

Rubber Stamp Poinsettia- The Stampin Place
Rubber Stamp Sheet Music-Just for Fun
Gold embossing powder
Black embossing powder
Black tags or cardstock cut into tag shape
3 gold brads
Ranger Perfect Pearls in Forever Red
Versamark clear pigment ink
USArtQuest iridescent watercolors

Instructions

Stamp the flower in any color ink on scrap paper to make a mask. Cut out slightly inside lines. (This will ensure that the sheet music image will appear right up to the edge of the flower in a following step)

Stamp the flower on the tag with Versamark ink. Make sure the center of the flower is on the tag as the entire flower will not fit on the tag. Emboss with black embossing powder.

Using double stick repositionable tape, attach the scrap paper flower over the top of the embossed flower. Stamp the Sheet music on the tag as shown. Emboss in gold.

Paint the flower with Perfect Pearls. If you've never used them before simply wet a paint brush in the powder then mix together on a piece of acrylic (I use the lid of a stamp pad) Re wet brush and get more powder as needed. You can go over it again for a second coat if you feel it's necessary. You don't want your brush overly wet as it can warp the paper. Using the iridescent watercolors, highlight the flower in pink and add green to the leaves.

Punch 3 holes in the center and add the brads
